

a smile is the light in your window
that tells others that there is a
caring, sharing person inside.

Our vision

To contribute toward exemplary care for people receiving support due to ageing, disability or any other reason, by providing the best possible training, resulting in students who become proficient, considerate and inspired support workers.

HLTHPS006 Assist Clients with Medication

Add providing medication assistance to your set of skills

☀️ Entry requirements

- Must be Australian or New Zealand citizen or permanent resident
- Unique Student Identifier (USI)
- Existing worker in the Community Services and Health industry

☀️ Target group

This unit is suitable for individuals who hold a qualification at Certificate III level or higher in an area involving provision of direct client care and support.

☀️ Work placement

Because it is a requirement of this qualification that the student must be an existing worker in the industry, our expectation is that students will be supported by their organisation to complete the required practical skills in their workplace.

In circumstances where this is not practical, Daisy Learning will work with the student and their organisation to make alternative arrangements.

☀️ Pathways

This unit provides credit towards a range of qualifications in the CHC Community Services Training Package or HLT Health Training Package.

☀️ Individual support

Your success is our success!

Discrete individual support is available for students who face barriers to completing accredited training and achieving their goals.

If you need any more information, our friendly Daisy Learning team are happy to help.
